

## TATA STEEL SPECIAL ECONOMIC ZONE

### ENVIRONMENTAL POLICY

Tata Steel Special Economic Zone Limited environmental responsibilities are driven by our commitment to preserve and safeguard the environment and are integral to the way we do business.

1. We are committed to deal proactively with climate change issue by the efficient and optimum use of natural resources & energy; reducing and preventing pollution; promoting waste avoidance and recycling measures; and product stewardship.
  - We shall identify, assess and manage our environment impact.
  - We shall regularly monitor, review and report publicly our environmental performance.
  - We shall develop the abandoned sites through afforestation and landscaping and shall protect & preserve the biodiversity in the areas of our presence.
  - We shall enhance awareness, skill and competence of our employees, business partners as well as stakeholders so as to enable them to demonstrate their involvement, responsibility and accountability for a sound and excelling environmental performance.
2. We are committed to continuous improvement in our environmental performance.
  - We shall set targets, develop, implement, maintain and illustrate management standards and systems, go beyond compliance of the industrial standards, legal and other requirements.
3. We will truly succeed when we sustain our environmental achievement and are valued by the communities where we are present.
4. We will comply with all applicable statutory and regulatory requirements.
5. We will communicate the environmental policy to all employees, customers, business associates and other stakeholders and ensure it is available to the public.
