

ENERGY POLICY

Tata Steel Special Economic Zone Limited (TSSEZL) reaffirms its commitment to energy conservation and efficiency in all its areas of operations.

TSSEZL will endeavour to:

- Adopt the best available technologies to enhance energy efficiency.
- Implement world-class operational practices to conserve energy and natural resources.
- Identify, evaluate, and deploy renewable and non-conventional energy projects to reduce dependence on fossil fuels for long term sustainability.
- Promote energy conservation through mass awareness.
